ABOUT

Dependable, durable and versatile. The portable trailer lift is brought to you by proline and is ideal for the servicing of trailers, small vehicles, and plant. Being totally portable and with the ability to lift 2.8 tonnes, this useful piece of equipment is a must for the busy workshop or service bay and can be collapsed and stored away when not in use.

After months of research and feedback from our valued customers, we have made some changes to enhance the safety of the Portable Trailer Lift.

It now has locking arms which provide you with enhanced stability and safety, with the reassurance that the arms will not move whilst you are working on equipment. The arms automatically lock when the lift is raised.
